

# Hot Hoosier 50 Jobs Exercise

## Instructions

Purpose: Familiarize students with the “Hoosier Hot 50 Jobs” Research & Analysis LMI product.

Activity:

1. On the left menu bar click on Job Seekers & then click Occupational Data.
2. Click the ‘Hot Jobs’ link from the list on the right.
3. Click the [Hoosiers Hot Jobs \(Indiana\)](#) link.
4. A new window pops open...click on the Hot Jobs poster graphic. The Hoosier Hot 50 Jobs window pops open.
5. Students look through the list to find their number and write down the answers to the questions on the back of the handout.
6. The handout can be distributed before or after the clicking.
7. The handouts are being printed in a fairly mixed number order.
8. Have various students share their findings.
9. Ask what the students liked about the info presented on the page.

Variation: Since Hot Jobs appears in all 4 left menu categories, designate different students to look for its starting link in each of the different HbtN’s menu sections.
